

**CITY OF COLUMBUS**  
**TRANSPORTATION AND PEDESTRIAN COMMISSION**  
**BICYCLE SUB-COMMITTEE**

Adopted April 13, 2010

---

**Mission Statement**

To integrate bicycles into the transportation systems of Columbus and Central Ohio by providing a safe and convenient network of bikeways and related bicycle facilities

**Purpose and Scope**

- Provide assistance in the design and operation of bike facilities
  - Contribute to transforming Bicentennial Bikeways Plan (BBP) recommended facilities into practical and affordable projects
  - Offer advice and interpretation of design standards for safe bicycle travel and parking
  - Research best practices and determine applicability to Columbus
  - Design project scope review for conformance with BBP
- Monitor progress in the implementation of all BBP recommendations
- Assist in the prioritization and programming of BBP projects and programs as well as any plan updates
- Collect community concerns regarding general bike issues
- Serve as conduit for public input when determined necessary
- Provide regular reports to Transportation and Pedestrian Commission
